

“Up here you’ll see that we have taken some of our old classic cocktails, and re-jiggered them into submission. We’ve created what we think is a drink menu that you might find familiar, but also entirely new.”

JJ GOODMAN,  
BARTENDER PATRON

# Our story so far

## Covent Garden Social Club

Covent Garden Social Club is the continuation of our foray into the best of British

bartending. Made up of two bars; the Cocktail Club in the basement, and the Theatre Club upstairs, CGSC offers you two flavours of cocktail craft, and music madness.

---

### The Cocktail Club

The Cocktail Club is our long-time lover of 10 years, and the original bar that established the London Cocktail Club brand. Now independent from LCC, she's ready to bring you the party like never before. Situated in the basement, CGCC is an industry favourite – boasting loud, classic tunes that echo out its doors through to the midnight hours.

**Expect dancing, darkness, gaudy cocktails, and a hangover in the morning.**

---

### The Theatre Club

The Theatre Club, once known as the Above-The-Arts Cabaret Club, is the newly-refurbished sister bar to the legendary Cocktail Club down in the basement. Boasting live music on weekends, the Theatre Club is poised to bring you our usual debauchery, but with a classic, deeply sexy vibe. Find her upstairs through the big, golden doors.

**Expect espresso martinis, black leather, salaciousness, live music, and a baby grand.**

## Live Music Events

On Thursday, Friday, and Saturday we have live music in the Theatre Club, and therefore apply a £5 cover charge for all guests attending this part of the venue between 9pm and midnight.

This will be added to your bill.
